PRESBYTERIAN CHURCH.

Cheyenne.
Wyoming.

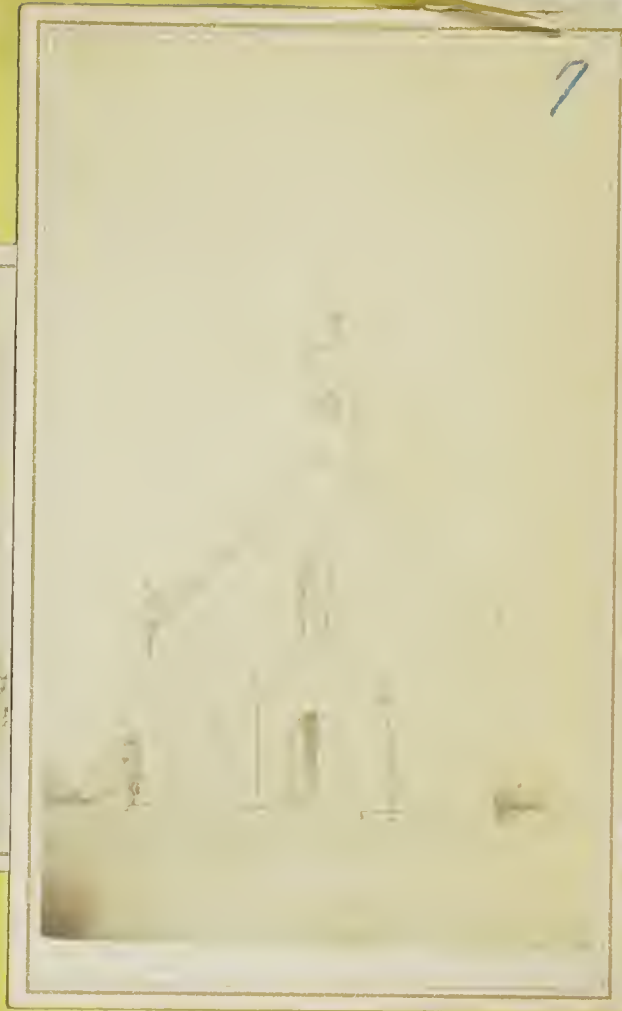

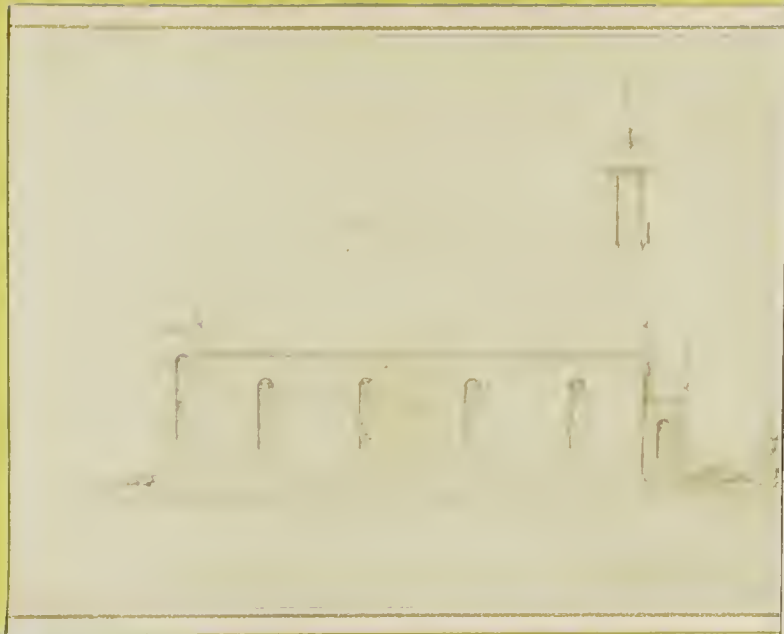

The Log House in which the Congregation at Mankato worshipped before possessing a Church Edifice.

Timely aid from the Board of Church Erection, supplemented by a special gift from Dr. Adams' Church, on Madison Square, New-York, secured the transformation of this rude *borrowed* shelter into the tasteful Church represented on the first page. Many such changes may still be made in the West by a gift of \$500. "*Go and do likewise.*"
